- 1:00 p.m. **Dismiss**

**SEC CONFERENCE** – This activity is designed to provide an update of current care of the traumatically injured patient and issues related to that to regional physicians, nurses, and paramedics. A broad range of trauma topics will be presented.

**TARGET AUDIENCE** – The subject matter is designed for physicians, nurses, nurse practitioners and physician assistants engaged in the practice of emergency medicine.

**LEARNING OBJECTIVES** – Upon completion of this activity the participant will be able to formulate a management plan for many commonly encountered traumatic conditions including blunt chest and abdominal trauma, pediatric trauma, physical and sexual abuse, high risk traumatic cases and diagnostic imaging of the trauma patient; differentiate between evidenced based recommendations and common practices as it relates to commonly encountered traumatic conditions; select appropriate treatment options based on published practice guidelines and clinical research; and, incorporate recommended therapeutic interventions into daily practice of caring for the trauma patient.

**ACCREDITATION** – This activity has been planned and implemented in accordance with the Essentials Areas and policies of the Accreditation Council for Continuing Medical Education through the joint provider-ship of the University of Tennessee College of Medicine and American College of Emergency Physicians Southeast Chapters. The University of Tennessee College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

**AMA CREDIT DESIGNATION:** The University of Tennessee College of Medicine designates this live activity for a maximum of 21.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**NURSING CREDIT:** State Boards of Nursing usually recognize Category I CME activities for nursing credit. Southeast Alabama EMS is an Alabama Board of Nursing continuing education provider #ABNPO033. Clinical lectures have been designed to focus on pharmacological interventions to help comply with the ABON CRNP pharmacology continuing education requirements.
